**ENERGY INFORMATION RELEASE:** The undersigned utility customer requests and authorizes the specified utility to release billing and usage information for the account listed above to the Electric Vehicle Charger (EV) program. With this authorization, the EV program can request billing and charging information for up to two years pre-installation and two years post-installation, and can also request charging data from the EV charger manufacturer. By signing this form, the utility customer agrees to be contacted by Clark Public Utilities regarding future EV charging related Demand Response programs. The utility customer also hereby releases the utility company from any and all liability arising from, or connected with, providing this information.

**A copy of the purchase receipt and installer's invoice, if applicable, is included with this application.**
